

# 2018 QCI STORMWATER TRAINING

## Save Time & Money!

Get the tools you need to be compliant with stormwater regulations while saving time and money. Since 1999, the HBAA has been the leader in providing Qualified Credentialed Inspector (QCI) training in Alabama. This award-winning program, a joint effort between the HBAA and ADEM, provides basic tools and strategies to help achieve and maintain compliance with the stormwater permit at all construction sites.

### You'll learn:

- Construction Best Management Practices (BMPs) Required to meet water quality objectives
- How to perform inspections under ADEM NPDES permit rather than hire engineers or consultants to do it, saving you time and money
- How to avoid ADEM/EPA/local enforcement actions and associated costs

Engineers with CH2M, professionals in the area of erosion and sediment control who are ADEM-approved, will teach the course.

Complete the form below and return to the HBAA. Enrollment is granted on a first-come, first-served basis. For more information, contact Alison Till at 1-800-745-4222 or email [alisonstill@hbaa.org](mailto:alisonstill@hbaa.org).

## 2018 QCI Stormwater Certification Course Application

Location: \_\_\_\_\_ Date Attending: \_\_\_\_\_ Time: 8:00 a.m. to 5:00 p.m.
