ALABAMA homebuilder

A QUARTERLY PUBLICATION OF THE HOME BUILDERS ASSOCIATION OF ALABAMA

2026 Advertising Rates & Specifications

Alabama Homebuilder is published by the Home Builders Association of Alabama (HBAA). This quarterly magazine provides news and information on the latest HBAA events, legislative matters, business practices, and building industry trends. With a circulation of nearly 10,000, **Alabama Homebuilder** is a valuable news resource for Alabama's home builders, remodelers, and thousands of other housing industry leaders throughout the state.

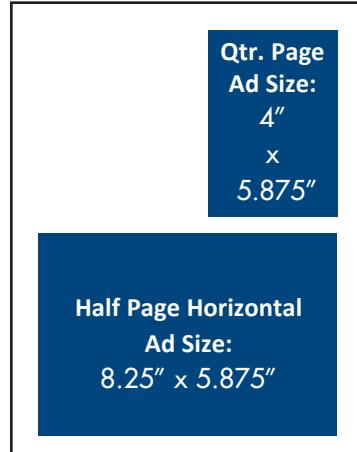

On the front of this sheet you will find the advertising rates. On the back you will find the mechanical specifications that you will need to help plan your ad insertion. These should be adhered to in order to present a uniform and professional appearance. Thank you for your interest, and please contact us with any questions.

| Back Cover Full Page Ad: | 9.25" x 11" |
| Inside Front Cover Full Page Ad: | 8.75" x 13" |

ELECTRONIC REQUIREMENTS

■ ELECTRONIC FILES ARE REQUIRED.

■ Acceptable formats include:

- **Portable document format (.pdf)** files are accepted from Adobe Acrobat and other programs which export .pdf files. *(.PDF files should be saved at 2400 dpi, with downsampling to 300 dpi, embed all fonts, subset embedded fonts below 99%, CMYK)*
- **Quark Xpress** native application files. *(All placed items including clip art and photographs must be included with the Quark file. See specifications for photography files below.)*
- **Encapsulated postscript (.eps)** files are accepted from Adobe Illustrator, Adobe Pagemaker, and Adobe InDesign. *(All placed items including clip art and photographs must be included with the .eps file.)*
- **Tagged-image format (.tif)** files are accepted from Adobe Photoshop, Corel Draw, and other art programs.

ALL PHOTOGRAPHS SHOULD BE SAVED AS .TIF FILES Saving photographs as .eps files does not resolve resolution problems and makes the photograph more problematic. Avoid using compression features, including LZW and .jpeg. Image resolution should be calculated according to the following formula:

$$300 \times \text{Linear Scaling of Final} = \text{Image Resolution (i.e., } 300 @ 150\% = 450 \text{ d.p.i.})$$

■ Include all .eps and .tif graphics and all screen and printer fonts

■ Images should be saved in C,M,Y,K color model. Printer cannot guarantee gamut of RGB to CMYK conversion.

ADDITIONAL CHARGES

- Advertisers who are not members of the Home Builders Association of Alabama will be charged an additional \$75 per ad.
- Layout, design, typesetting: \$65/hour
- Ads that do not fit our specifications will be resized to fit and billed at a rate of \$65/hour.
- Guaranteed position: add 10% to ad rate.
- Materials supplied other than as above will be subject to setup charge of \$65/hour.
- Proofs will be furnished upon request, and in time for approval, providing deadline dates are met. Publisher assumes no liability for errors in new copy or copy changes submitted after closing date.
